SELECTED PROFESSIONAL EXPERIENCE

LOCALIZA - PROJECT MANAGER

Operational Expansion | Salgado Filho International Airport | Apr 2026 - Present

- Coordinate expansion delivery for a high-throughput airport operation handling approximately **700 vehicle rentals per day**, with continuous **24/7** service.
- Manage contractors, supplier performance, project milestones, quality requirements and execution interfaces across Operations, Procurement, Engineering and Fraport.
- Develop Power BI and Power Apps governance dashboards to track project health, schedule deviations, stakeholder decisions and operational readiness.

TK ELEVATOR - PROJECT MANAGER

Global Product Design Center and Industrial Expansion | Jun 2025 - Apr 2026

- Led strategic implementation and expansion of the Global Product Design Center, acting as the primary coordination point for executive leadership and multidisciplinary teams.
- Delivered **R\$ 820,000 in documented value-engineering savings** through project optimization and technically grounded redesign decisions.
- Coordinated production-related interventions, new equipment integration and critical schedules around an active manufacturing environment.
- Directed weekly executive governance, supplier interfaces, formal approvals and project reporting; supported quarterly global leadership visits.

PROJECT LEADERSHIP AND TOOLKIT

PROJECT DELIVERY	Industrial expansion, scope, schedule, milestones, supplier governance, commissioning interfaces
EXECUTIVE CONTROL	CAPEX, value engineering, project controls, stakeholder management, operational readiness
SYSTEMS & ANALYTICS	MS Project, Power BI, Advanced Excel, SAP, Power Query, SQL, Python, Power Apps

EDUCATION

MBA, Data Science & Analytics for Operations - University of Sao Paulo (USP), 2024-2025

BSc, Civil Engineering - Federal University of Rio Grande do Sul (UFRGS), 2011-2016

SELECTED TECHNICAL WORK

Probabilistic Survival Analysis: industrial asset reliability and predictive maintenance. [Public repository](#) | **From Data Drift to Kubernetes:** operational system reliability and monitoring.
